

Special Issue

Design of Reliable Framework for Healthcare Data Assessment

Message from the Guest Editors

The proposed Special Issue aims to receive the research works related to the design and implementation of different schemes for healthcare data assesment. This Special Issue welcomes innovative research involving various examination techniques linked with clinical reports, bio-signal/bio-image screening, decision making, medication, progress monitoring, data preservation, and sharing though the IoT/Cloud. It also welcomes review articles discussing the current trends in the design of patient-specific healthcare data assesment schemes.

Guest Editors

Prof. Dr. Seifedine Kadry

Department of Applied Data Science, Norrof University College, 4608 Kristiansand, Norway

Dr. Venkatesan Rajinikanth

M.E., Ph.D, Professor, Department of Electronics and Instrumentation Engg., St. Joseph's College of Engineering, Chennai, India

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

Designs (ISSN 2411-9660) is a peer-reviewed and open access journal which provides a unifying research framework for a wide range of engineering designs of disciplines and industrial applications, including mechanical engineering, electrical engineering, civil engineering, mechatronics, aerospace engineering, bioengineering, energy engineering, industrial engineering and manufacturing systems are of interest. We would like to invite you to contribute to the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Joshua M. Pearce

Department of Electrical & Computer Engineering, Western University,
London, ON N6A 3K7, Canada

Author Benefits

High visibility

: indexed within Scopus, Inspec, Ei Compendex and other databases.

Journal Rank:

CiteScore - Q2 (Engineering (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.3 days after submission; acceptance to publication is undertaken in 4.6 days (median values for papers published in this journal in the first half of 2025).
