

Special Issue

Gender Difference in Diabetes 2.0 Edition

Message from the Guest Editor

Welcome to the second Congress on Gender Medicine. We will discuss the various medical, social, ethnic, and psychological aspects of gender differences, trying to obtain as broad a picture as possible as to how these differences are present and evident in diabetic disease. We will also try to identify the still-unclear points that deserve further studies. As the of this Special Issue of *Diabetology*, I am inviting you to submit an article/review on the topic that you will present at the meeting. The official deadline for submitting the paper will be 30 September 2023, but it can be done after the end of the meeting. I would like to take this opportunity to thank you again for agreeing to attend the meeting that we will have in April, and I hope that you will accept this invitation to prepare a paper.

Guest Editor

Dr. Giancarlo Tonolo
