Health, University of West Attica,
Athens, Greece

Deadline for manuscript
submissions:

closed (31 July 2024)

Message from the Guest Editor

Despite the incredible advances, there is still much to do, from diagnosis to patient management. This Special Issue in the journal *Diagnostics* will focus on articles covering a range of topics including novel diagnostic approaches, utilizing our available diagnostic armamentarium for surveillance, vaccine implementation, antimicrobial sensitivity/resistance patterns, as well as novel treatment and management approaches. It is, therefore, my pleasure to invite submissions of high quality research-based or review papers related to the aforementioned topics to create a timely and highly relevant collection of articles tackling this pertinent public health problem.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)
