

Special Issue

Diagnosis and Management of Musculoskeletal Diseases

Message from the Guest Editor

This Special Issue on musculoskeletal diseases explores their pathogenesis, emphasizing genetic predispositions, environmental factors, and lifestyle choices in disease onset. It details advances in pathological diagnosis, including high-resolution imaging, muscle biopsy, biomarkers, and genetic testing. The integration of clinical, imaging, and pathological findings is crucial for accurate diagnosis and tailored management plans. Multidisciplinary collaboration among specialists is highlighted to improve patient outcomes and quality of life. We have the pleasure to invite you to submit your work to this Special Issue. Original research articles, reviews, short communications, and interesting images are welcome, as well as either clinical or basic research. All papers will be fully open access upon publication after peer review.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
