Imaging for the Diagnosis of Obstetric and Gynecological Diseases

Message from the Guest Editor

Imaging methods for the diagnosis of obstetric and gynecological diseases involve the use of various imaging techniques such as ultrasound, MRI, and CT scans in order to assess conditions related to women or fetal diseases. These techniques are used often in daily medical activity and, for this reason, our aim is to welcome interesting and educational papers on imaging related to our field. Additionally, imaging plays a crucial role in pregnancy monitoring, fetal development evaluation, and diagnosing other conditions. The accurate interpretation of imaging results is essential in guiding appropriate treatment and management strategies for patients with obstetric and gynecological diseases.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.3 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the second half of 2024).
