Nephrology: Diagnosis and Management

Message from the Guest Editor

This Special Issue, titled Nephrology: Diagnosis and Management, focuses on the latest advancements in the diagnosis, treatment, and management of kidney diseases. The collection of articles explores a wide range of topics, including novel diagnostic techniques, personalized therapeutic approaches, as well as integrated management strategies for chronic kidney disease, acute kidney injury, glomerulonephritis, and other nephrological conditions. Highlighting the multidisciplinary nature of nephrology, the contributions from leading experts in the field provide insights into the complex interplay between genetic, environmental, and lifestyle factors that influence kidney health. The Special Issue also examines the role of technology in improving patient outcomes, including the utilization of big data, artificial intelligence, and telemedicine in the diagnosis and management of kidney diseases. Overall, this compilation offers a comprehensive update on the current state of nephrology, paving the way for further innovations in kidney care.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.6 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
