

## Special Issue

# Advancing Blood-Based Diagnostics: Innovations, Challenges and Clinical Impact

### Message from the Guest Editor

Blood-based diagnostic testing remains one of the most widely utilized and clinically valuable tools in modern medicine, underpinning critical decisions across nearly every medical specialty. As healthcare shifts toward personalized, data-driven, and preventive models, blood tests are evolving rapidly, driven by advances in analytical techniques, biomarker discovery, and computational interpretation. This Special Issue invites original research, reviews, and methodological papers that explore the development, evaluation, and clinical application of blood-based diagnostics. By focusing on innovation, existing challenges, and clinical outcomes, this Special Issue aims to provide a comprehensive overview of how blood testing is advancing to meet the demands of modern clinical practice.

## About the Journal

### Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Andreas Kjaer  
Department of Clinical Physiology, Nuclear Medicine & PET National  
University Hospital, Rigshospitalet, University of Copenhagen,  
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
