

## Special Issue

# Pancreas Diseases: Diagnosis and Management

### Message from the Guest Editors

Our goal for this Special Issue is to provide a broad spectrum of studies on the diagnosis and management of pancreases diseases—from benign to malignant. Submissions should focus on a specific pancreas etiology and demonstrate evidence-based medicine related to the diagnosis and management of that specific disease process. We encourage authors to include references from the last 5–10 years. We hope that this special edition will be helpful in educating our readers and providing a current perspective on hot topics in this field.

## About the Journal

### Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark
