

Special Issue

Sickle Cell Disease: Recent Advances in Diagnosis and Management

Message from the Guest Editor

This is a dedicated Special Issue that delves into the intricacies of this hereditary blood disorder, focusing on advancements in diagnostic techniques and therapeutic strategies. It comprehensively reviews our current understanding of the disease's pathogenesis, highlights emerging biomarkers for early detection, and explores innovative treatments ranging from genetic interventions to supportive care. The scope encompasses novel diagnostic tools, patient-centered management protocols, and the psychosocial aspects of living with sickle cell disease. Through expert contributions, this Special Issue aims to enhance clinical practice and improve patient outcomes.

Guest Editor

Dr. Christopher L. Edwards

Department of Psychology, North Carolina Central University, 1801 Fayetteville St., Durham, NC 27707, USA

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
