Headache and Visceral Pain: Diagnosis, Treatment and Prognosis

Message from the Guest Editors

Visceral pain and headaches are common clinical conditions. They affect a large proportion of the global population and often co-exist in the same patients. Some examples are represented by the co-occurrence of cardiac pain and migraine, functional gastrointestinal disorders and migraines and/or tension-type headaches, pain from the female reproductive organs and migraines, and urinary pain and different forms of headache. This frequent comorbidity pattern suggests some possible common underlying mechanisms between the conditions and also has important implications for the management of the global pain burden of the patient. This Special Issue focuses on the clinical diagnosis, pathophysiology, and therapeutic aspects of the most frequent visceral pain–headache associations based on the most recent data of the literature. You are welcome to submit your work to this Special Issue!

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
