Advances in the Diagnosis and Management of Male Infertility

Message from the Guest Editor

In recent decades there have been remarkable strides in the field of male infertility, particularly in developing innovative diagnostic procedures and technologies. These advancements have undeniably brought hope and relief to individuals and couples struggling with fertility issues. Nevertheless, it is imperative to acknowledge that a substantial cohort of patients still suffer from infertility problems despite these significant improvements.

In this Special Issue, we investigate the promising research horizons poised to redefine the landscape of male infertility diagnosis, assessment, and treatment. These groundbreaking developments could enhance our ability to address this complex issue effectively.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
