Special Issue

New Insights into Maternal-Fetal Medicine: Diagnosis and Management

Message from the Guest Editor

As maternal-fetal medicine remains a top public health priority globally, there is an urgent need to integrate and disseminate new research findings to inform clinical practice and improve outcomes. The purpose of this special issue is to highlight cutting-edge research and innovative approaches in the field of maternal-fetal medicine that can enhance the quality of care for pregnant individuals, improve pregnancy outcomes, and support the health and well-being of both mothers and newborns. We hope to bridge the gap between research and clinical application by focusing on interdisciplinary research, including advances in prenatal screening, management of high-risk pregnancies, and the impact of maternal health on fetal development.

Guest Editor

Dr. Monika Szpotanska-Sikorska

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
