

Special Issue

Diagnosis and Management of Cardiovascular Diseases

Message from the Guest Editors

This Special Issue focuses on the evolving landscape of diagnosis in cardiovascular diseases, showcasing groundbreaking advancements in diagnostic technologies. It spotlights novel imaging modalities, such as advanced echocardiography, computed tomography, and magnetic resonance imaging, which provide unprecedented detail and accuracy in visualizing cardiac structures and function. Additionally, it examines the latest developments in biomarker testing, genetic screening, and artificial intelligence-driven algorithms, enhancing early detection, risk assessment, and personalized treatment planning. This comprehensive exploration underscores the pivotal role of innovative diagnostic techniques in advancing the management of cardiovascular disease, ultimately aiming to improve patient care and outcomes.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
