

## Special Issue

# Advances in Clinical and Interventional Gastroenterology

### Message from the Guest Editors

Gastrointestinal disorders demand precise and minimally invasive diagnostic approaches to optimize patient outcomes. This Special Issue highlights cutting-edge advancements in clinical and interventional gastroenterology, focusing on novel diagnostic modalities such as AI-enhanced endoscopy, advanced imaging techniques (e.g., confocal laser endomicroscopy, capsule endoscopy), and biomarker discovery. Key themes include the early detection of neoplastic and inflammatory conditions, functional GI diagnostics, and the integration of molecular profiling into routine practice. By bridging translational research and clinical application, this Special Issue aims to refine diagnostic accuracy, reduce invasiveness, and personalize patient assessment in gastroenterology.

### Guest Editors

Dr. Antonio Facciorusso

Department of Medical and Surgical Sciences, Endoscopy Unit,  
University of Foggia, Foggia, Italy

Dr. Eyad Gadour

1. Multi-Organ Transplant Centre of Excellence, Liver Transplantation Unit, King Fahad Specialist Hospital, Dammam 32253, Saudi Arabia
2. Department of Medicine, Faculty of Medicine, Zamzam University College, Khartoum 11113, Sudan

### Deadline for manuscript submissions

31 January 2026

## About the Journal

### Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
