Assessment and Diagnosis of Cognitive Disorders

Message from the Guest Editor

Cognitive disorders, which affect millions of patients globally across all age groups, are a growing concern. Accurate and timely assessment ensures effective intervention and improved patient outcomes. This Special Issue addresses a spectrum of themes relevant to assessing and diagnosing cognitive disorders. Novel assessment tools and methodologies: this section explores the latest advancements in cognitive assessment, including the use of technology-based platforms and neuroimaging techniques to refine diagnostic accuracy. Differential diagnosis challenges: A crucial aspect of diagnosis involves distinguishing between various cognitive disorders and other conditions that may mimic their symptoms. This section aims to shed light on best practices for navigating these complexities. The role of biomarkers: The exciting field of biomarker discovery holds immense promise for the future of cognitive disorder diagnosis. This section explores the potential of biomarkers in identifying early signs of cognitive decline and informing treatment decisions.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
