

Special Issue

Advances in the Diagnosis and Management of Cardiovascular Disease

Message from the Guest Editor

The Special Issue “Advances in the Diagnosis and Management of Cardiovascular Disease” focuses on the latest scientific breakthroughs and technological advancements in diagnosing cardiovascular conditions. This comprehensive collection aims at highlighting the innovative diagnostic tools and techniques that are revolutionizing our ability to detect and assess cardiovascular disease. From non-invasive imaging modalities such as echocardiography and MRI to genetic testing and biomarker analysis, the articles in this Special Issue explore the latest advancements in diagnosing cardiovascular conditions with greater accuracy and precision. These advancements not only enhance our understanding of disease pathogenesis but also aid in early detection and tailored treatment plans. This Special Issue provides a valuable overview of the latest trends and developments in cardiovascular diagnosis, enabling healthcare professionals to stay updated with the latest diagnostic practices and improve patient outcomes.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
