Special Issue

Advances in Musculoskeletal Radiology

Message from the Guest Editor

Advances in musculoskeletal radiology have transformed the diagnosis and management of musculoskeletal disorders, significantly improving the detection, assessment, and treatment of various conditions. The goal of this Special Issue is to compile key scientific insights in the field of musculoskeletal radiology, providing clinicians with essential knowledge to better manage diagnostic and therapeutic challenges, as well as potential complications. This Special Issue will cover a variety of topics, including (but not limited to) the following:

- Shoulder Surgery: Pre- and post-operative imaging.
- Knee: Imaging diagnosis and management.
- Wrist and Hand: Imaging challenges.
- Hip: Imaging and interventions.
- Ankle/Foot.
- Symptomatic Normal Variants.
- Pediatric Imaging Pearls.
- Spine: Imaging and interventions.
- Bone Tumor Imaging Challenges
- Imaging Infections.
- Intervention Techniques: An update.
- Rheumatology in MSK imaging.
- Artificial Intelligence in Musculoskeletal Radiology.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
