# Diagnosis and Prognosis of Thyroid Cancer

### Message from the Guest Editor

Thyroid cancer, a prevalent endocrine malignancy, poses a significant health burden. This Special Issue delves into the diagnosis and prognosis of thyroid cancer, exploring advancements in imaging techniques, biomarker discovery, and molecular profiling. We invite you to contribute to our upcoming Special Issue dedicated to “Diagnosis and Prognosis of Thyroid Cancer”. This platform aims to gather the latest research advancements, innovative diagnostic methods, and prognostic tools in this field. We welcome submissions addressing all aspects of thyroid cancer, including imaging techniques, molecular markers, genetic profiling, and clinical outcomes. Your contributions can significantly advance the understanding and management of this complex condition. Submit your original research, reviews, or case studies to join our esteemed group of authors and contribute to the global effort in thyroid cancer research. We are looking forward to receiving your valuable contributions.

## About the Journal

### Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.6 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
