Lung Imaging: Highlights of Recent Research and Clinical Applications

Message from the Guest Editor

This Special Issue, "Lung Imaging: Highlights of Recent Research and Clinical Applications", showcases cutting-edge advancements and innovative applications in the field of lung imaging. It encompasses a wide array of manuscripts, ranging from groundbreaking research on novel imaging techniques and algorithms to in-depth clinical studies exploring the diagnostic and therapeutic implications of these technologies. This Special Issue delves into areas such as CT, MRI, PET, and ultrasound imaging of the lungs, highlighting their roles in early disease detection, staging, treatment monitoring, and outcome prediction. It serves as a pivotal platform for experts and practitioners to exchange knowledge, fostering advancements in lung health care.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.6 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
