

Special Issue

Advances in Cerebrovascular Imaging and Interventions

Message from the Guest Editor

Recent advances in neuroimaging technologies, artificial intelligence and emergence of novel imaging biomarkers set the groundwork for the translation of quantitative and emerging imaging techniques to clinical practice to inform diagnosis, treatment planning, disease monitoring, prognostication, and clinical trial design. As a natural progression, many of the new technologies can inform treatment decisions and improve outcome prediction in patients with cerebrovascular disease. In this issue, we will cover the most recent advances in cerebrovascular imaging and interventions.

Guest Editor

Dr. Seyedmehdi Payabvash

Department of Radiology and Biomedical Imaging, Yale University, 333 Cedar Street, P.O. Box 208042, New Haven, CT 06520, USA

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
