

## Special Issue

# Diagnosis, Biomarkers, and Treatment of Metabolic Disorders

### Message from the Guest Editor

Diagnosis, Biomarkers, and Treatment of Metabolic Disorders is a Special Issue published in the Journal *Diagnostics* (ISSN 2075-4418) which is an international scholarly open-access journal. It publishes original research articles and comprehensive reviews, and there is no restriction on the maximum length of the papers. Our aim is to encourage healthcare professionals and scientists to publish their experimental, theoretical, and original research related to any aspects of metabolic diseases in humans or animal models in as much detail as possible. Full experimental and/or methodological details must be provided for research articles. This includes clinical, experimental, genetic, biochemical, methodological, theoretical, ethical, and counseling aspects.

Welcome to submit your related work to the Special Issue.

## About the Journal

### Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark
