

Special Issue

Beyond the Joint: Advances in Musculoskeletal Imaging and Sports Radiology

Message from the Guest Editor

We are pleased to invite you to contribute to the Special Issue *Beyond the Joint: Advances in Musculoskeletal Imaging and Sports Radiology*. This Issue will focus on two complementary yet distinct areas:

- The evolving role of musculoskeletal (MSK) imaging in medicine.
- Sports radiology, which extends beyond the MSK system to include the evaluation and management of various sport- and exercise-related conditions affecting multiple organ systems.

In this Special Issue, we welcome original research articles, reviews, case reports, video submissions, and pictorial essays related to either domain. We look forward to receiving your valuable contributions to this dynamic and multidisciplinary field.

This Special Issue is organized in collaboration with EXTREMESPORTMED—INTERNATIONAL SOCIETY OF MEDICINE FOR OUTDOOR PHYSICAL ACTIVITY AND EXTREME SPORTS (<https://extremesportmed.org>).

Guest Editor

Dr. Francesco Feletti

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
