

Special Issue

Improving Imaging Diagnosis: From Conventional Radiology to Advanced Imaging Techniques

Message from the Guest Editors

This Special Issue is aimed at providing updates on scientific diagnostic radiology and best-practice knowledge in radiology through the publication of original papers and state-of-the-art reviews on diagnostic imaging with clinically oriented papers. There will be a focus on diagnostic radiology that represents current clinical practice (i.e., X-ray, US, CT, and MRI), as well as on advanced imaging techniques that are currently under investigation, including precision and quantitative imaging (e.g., radiomics, texture analysis, and artificial intelligence) that will hopefully represent clinical practice in the future.

Guest Editors

Dr. Federica Vernuccio
Dr. Roberto Cannella
Dr. Albert Comelli

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.6 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
