Abdominal Surgical Diseases: Diagnosis, Treatment and Management

Message from the Guest Editor

Abdominal surgical conditions often raise challenging diagnostic and management issues. The surgeon is often faced with difficult decision-making situations, especially in emergency conditions. Imaging methods are very useful in diagnostic guidance, but often the emergency condition does not provide the needed time to perform complex investigations. Sometimes, we revert to clinical exams, plain X-rays, FAST exams, and point-of-care ultrasound (POCUS). Interdisciplinarity can also be the key to a correct approach towards patients. Our defined scope of the topic for this Special Issue is to establish modern management protocols in the diagnosis, treatment, and management of digestive surgical diseases.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
