

Special Issue

Editorial Board Members' Collection Series: Molecular Diagnostics of Infectious Diseases

Message from the Guest Editors

This Special Issue focuses on the application of molecular diagnostics in infectious diseases. We aim for it to provide an in-depth analysis of the latest research and clinical practices using molecular techniques to detect and identify microorganisms causing infectious diseases. We welcome articles which discuss the potential of molecular diagnostics in areas such as virus detection, antibiotic resistance profiling, and the genotyping of bacterial strains. We hope that this Special Issue will assist infectious disease professionals in understanding and utilizing molecular diagnostics to optimize patient care and infection control.

Guest Editors

Dr. Thierry Naas

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
