

# Special Issue

## Innovations in Cardiac MRI

### Message from the Guest Editor

This Special Issue, titled "Innovations in Cardiac MRI", delves into the groundbreaking advancements and cutting-edge research in the field of cardiac magnetic resonance imaging. It explores the latest technological enhancements that have revolutionized our ability to diagnose and treat heart conditions with unprecedented precision. Featuring a range of articles from leading experts, this Special Issue highlights the transformative impact of MRI innovations on patient care, offering insights into emerging techniques, enhanced image resolution, and faster scan times. It serves as a comprehensive resource for healthcare professionals and researchers seeking to stay at the forefront of cardiac MRI developments.

## About the Journal

### Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
