

Special Issue

Diagnosis of Dengue and Other Flaviviral Infections

Message from the Guest Editors

The goal of this Special Issue is to gain insights into how the utilization of new diagnostics in dengue diagnosis affects patient care and health outcomes in LMIC, including cost and discrimination from other flaviviral infection. Special attention can include recent diagnosis of patients co-infected by SARS-CoV-2 and dengue.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
