

## Special Issue

# Diagnosis of Ischaemic Heart Disease

### Message from the Guest Editors

We are pleased to invite you to submit to our Special Issue—“diagnosis of ischemic heart disease”. With an aging population and increasing number of people with sedentary lifestyles, ischemic heart disease has become the leading cause of death globally. Early diagnosis is one of the keys to promoting the survival and quality of life of patients with ischemic heart disease. This Special Issue aims to encourage the publication of studies on advancements in the diagnosis of ischemic heart disease. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following: clinical features, biomarkers, and investigations that facilitate an early and accurate diagnosis of ischemic heart disease. Multidisciplinary work involving machine learning, artificial intelligence, and digital health are particularly welcomed. We look forward to receiving your contributions.

## About the Journal

### Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (Internal Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.6 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
