Challenges in the Diagnosis and Treatment of Cancer While Preserving Fertility

Message from the Guest Editor

This Special Issue entitled “Challenges in the Diagnosis and Treatment of Cancer While Preserving Fertility” aims to provide an up-to-date and detailed overview of fertility-preserving treatment in patients with cancer, by gathering contributions that cover all issues related to the field of oncofertility. We invite articles related to the challenges in the diagnosis and/or management of disease, research articles, and review articles, as well as articles providing an in-depth analysis of unclear diagnostic or therapeutic dilemmas. Topics to consider include:

- Oncofertility: a bridge between oncology and reproductive medicine;
- The burden of cancer in reproductive-aged women;
- Cancer in childhood and adolescence;
- Cancer treatment and infertility;
- Multidisciplinary approach to the cancer patient wishing to preserve fertility;
- Options for fertility preservation, both male and female;
- Assisted reproductive techniques;
- Psychological issues in cancer and fertility;
- Ethical and legal considerations.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.3 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the second half of 2024).
