Advances in Endoscopic Ultrasound

Message from the Guest Editor

Endoscopic ultrasound provides high-resolution, real-time imaging of the gastrointestinal tract and surrounding extramural structures. It plays a great role in the diagnosis and management of gastrointestinal malignancy, pancreatic diseases, and biliary diseases, and continues to evolve. This Special Issue focuses on the challenges and recent advances in the diagnosis (imaging, differential diagnosis) and management (guided microinvasive treatment, follow-up) of abdominal diseases, such as pancreatic and biliary lesions, the drainage of pancreatic fluid collections and the biliary tree, the treatment of gastrointestinal hemorrhage, celiac plexus neurolysis, fiducial placement, solid and cystic tumor ablation, etc. Authors can submit original articles, reviews, or short communications. Prof.

Guest Editor

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
