

## Special Issue

# Advances in the Diagnosis and Management of Idiopathic Normal Pressure Hydrocephalus

### Message from the Guest Editors

This special issue is dedicated to exploring the latest advancements in the diagnosis and management of idiopathic normal pressure hydrocephalus (iNPH), a complex and often misunderstood neurological condition. Featuring a range of cutting-edge research articles, case studies, and expert perspectives, this special issue aims to provide a comprehensive overview of the current understanding and treatment strategies for iNPH. From innovative diagnostic techniques and imaging modalities to novel therapeutic approaches and patient management strategies, this issue offers valuable insights for healthcare professionals, researchers, and patients alike. By bringing together leading experts in the field, we strive to foster a deeper understanding of iNPH and to improve the quality of life for those affected by this condition.

## About the Journal

### Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Andreas Kjaer  
Department of Clinical Physiology, Nuclear Medicine & PET National  
University Hospital, Rigshospitalet, University of Copenhagen,  
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
