

Special Issue

Cardiometabolic Disease: Diagnosis and Management

Message from the Guest Editor

This Special Issue focuses on the intricate relationship between cardiovascular diseases and metabolic disorders, such as diabetes and obesity. It explores innovative diagnostic techniques, biomarkers, and imaging technologies that enhance early detection and treatment strategies. This Special Issue highlights the importance of multidisciplinary approaches in improving clinical outcomes, emphasizing lifestyle interventions, and emerging treatments. Moreover, it addresses health disparities and the need for personalized medicine in managing cardiometabolic conditions, ensuring that diverse populations receive tailored care. Together, the articles provide valuable insights into the complexities of managing these intertwined diseases and advocate for comprehensive strategies to reduce their prevalence and impact on public health.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
