

Special Issue

Diagnosis and Management of Fungal Infections: Recent Advances and Coming Challenges

Message from the Guest Editor

This Special Issue highlights the crucial aspects of diagnosing and managing fungal infections. It emphasizes the importance of early and accurate diagnosis through advanced diagnostic techniques such as molecular biology and imaging studies. The management of fungal infections involves a multifaceted approach, including antifungal therapy, supportive care, and addressing underlying conditions. The summary underscores the significance of a collaborative effort between clinicians, microbiologists, and pharmacists to ensure optimal patient outcomes. Continuous advancements in diagnostic tools and therapeutic strategies are essential for improving the management of fungal infections.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
