# Point-of-Care Ultrasound for Clinical Diagnosis: New Advances and Challenges

### Message from the Guest Editor

Point-of-care ultrasound (POCUS) has become widely adopted in recent years, not only among emergency and critical care physicians but also in fields such as internal medicine and family medicine. POCUS has been integrated into the educational curriculum for medical students and is increasingly being adopted by other professions, such as nurse practitioners. As POCUS continues to evolve, the distinction between POCUS and comprehensive ultrasonography is becoming increasingly blurred. This Special Issue, "Point-of-Care Ultrasound for Clinical Diagnosis: New Advances and Challenges", primarily targets research related to clinical diagnosis. We also welcome new insights and challenging approaches in this field. Original articles, comprehensive reviews, and interesting images are encouraged.

### Guest Editor

Dr. Toru Yamada

Department of General Medicine, Graduate School of Medical and Dental Sciences, Tokyo, Japan

### Deadline for manuscript submissions

closed (30 April 2025)

## About the Journal

### Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Andreas Kjaer  
Department of Clinical Physiology, Nuclear Medicine & PET National  
University Hospital, Rigshospitalet, University of Copenhagen,  
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
