

## Special Issue

# Infectious Diseases in Obstetrics and Gynecology: Diagnosis and Management

### Message from the Guest Editor

Infectious diseases in obstetrics and gynecology represent a major public health concern worldwide, contributing to significant morbidity and mortality. Regarding fetal health, maternal infections in obstetrics are associated with adverse perinatal outcomes, including prematurity, preterm birth, congenital malformations, and fetal death. Regarding women's own health, infections are associated with various morbidities, including infertility, chronic pelvic pain, cancer, and mortality. Given the importance of this topic, for this Special Issue, we invite clinicians and researchers to submit reviews and original articles on various topics related to the diagnosis and management of infectious diseases in obstetrics and gynecology, such as clinical, laboratory, and imaging diagnostic methods, management, treatment, and follow-up.

### Guest Editor

Prof. Dr. Edward Araujo Júnior

Department of Obstetrics, Paulista School of Medicine, São Paulo  
Federal University of São Paulo (EPM-UNIFESP), São Paulo, Brazil

### Deadline for manuscript submissions

30 April 2026

## About the Journal

### Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
