

## Special Issue

# The Role of Biomarkers in Alzheimer's Disease

### Message from the Guest Editor

This Special Issue focuses on the crucial role of biomarkers in the diagnosis and understanding of Alzheimer's disease (AD). It highlights that, while traditional diagnosis relies on clinical syndromes, biomarkers such as cerebrospinal fluid proteins, structural MRI, functional neuroimaging, and amyloid imaging offer more precise early detection methods. The application of these biomarkers significantly enhances diagnostic accuracy and aids in patient selection for research studies. Furthermore, this Special Issue discusses new potential biomarkers and their contributions to better managing AD in clinical practice.

## About the Journal

### Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Andreas Kjaer  
Department of Clinical Physiology, Nuclear Medicine & PET National  
University Hospital, Rigshospitalet, University of Copenhagen,  
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
