

## Special Issue

# Clinical Impacts and Value of Anatomy, 2nd Edition

### Message from the Guest Editor

I am excited to announce the launch of a new Special Issue dedicated to anatomical research and its significance in clinical and surgical practice. Recent advancements in clinical and surgical anatomy have yielded essential insights for clinicians. Therefore, this Special Issue will focus on studies that explore the anatomical variations vital in daily clinical and surgical practice. This Special Issue welcomes the submission of original articles and reviews concerning the musculoskeletal, vascular, and nervous systems, including research conducted through cadaveric dissections or advanced imaging techniques such as computed tomography or magnetic resonance imaging. We also encourage the submission of systematic reviews that present meta-analyses. This Special Issue aims to enhance existing anatomical knowledge, particularly for clinicians.

### Guest Editor

Prof. Dr. Maria Piagkou

Department of Anatomy, School of Medicine, Faculty of Health Sciences, National and Kapodistrian University of Athens, 11527 Athens, Greece

### Deadline for manuscript submissions

28 February 2026

## About the Journal

### Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National  
University Hospital, Rigshospitalet, University of Copenhagen,  
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
