

Special Issue

Diagnosis and Management of Liver Diseases, Third Edition

Message from the Guest Editor

Advances in the diagnosis of liver diseases have been spurred by the development of increasingly accurate biomarkers or image modalities that have revolutionized diagnostic accuracy and increased precision in targeted therapeutics. This Special Issue welcomes contributions covering the current aspects of the diagnosis and management of liver diseases. Submissions may include articles presenting current original research, new experimental methodologies, and/or review articles summarizing the current state of the art for clinical diagnosis, treatment, and management of liver diseases. Discussions of the current drawbacks to diagnostic accuracy and future directions for improved accuracy and management are welcome. We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
