Abdominal Ultrasound: A Left Behind Area—2nd Edition

Message from the Guest Editor

Currently, abdominal ultrasound is used in various ways, including contrast-enhanced elastography and endoscopic ultrasound, and is becoming a central facet in the diagnosis of abdominal diseases. However, it is also true that some aspects of abdominal diseases have still not been fully explored. It is necessary to focus on these areas to advance the use of diagnostic ultrasound. For this reason, we are launching a Special Issue to invite related papers. In this Special Issue, we will present cases that teach lessons about liver, biliary, and pancreatic tumors, which are the main abdominal diseases, with a further focus on external ultrasound and endoscopic ultrasound.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
