Functional Gastrointestinal Disorders (FGIDs): Diagnosis and Pathophysiology, Second Edition

Message from the Guest Editor

FGIDs, such as functional dyspepsia and irritable bowel syndrome, are the most common disorders seen by gastroenterologists. An accurate diagnosis and better understanding of pathophysiology are critically important for FGIDs. Authors are invited to submit original research articles, mini-reviews, systematic reviews, meta-analyses, and case reports on the diagnosis and pathophysiology of FGIDs. Due to the nature of the journal, contributions solely on the management of FGIDs are not suitable for this Special Issue. If needed, potential contributors may send their abstracts to this Special Issue for clarification.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.3 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the second half of 2024).
