

Special Issue

Advances in Oral Pathology of Basic and Clinical Cancer Research

Message from the Guest Editor

This Special Issue, titled "Advances in Oral Pathology of Basic and Clinical Cancer Research", will be a comprehensive resource that explores the latest developments in both fundamental and clinical research on oral cancer. It will cover a wide range of topics, including new insights into molecular pathology, the tumor microenvironment, immunotherapy, and epigenetics in oral cancer. It will also delve into innovative diagnostic techniques, AI-powered image analysis, and public health initiatives for cancer prevention. Highlighting advancements in early diagnosis, targeted therapies, and personalized medicine, this work will provide valuable guidance for improving patient quality of life and outcomes. Thus, this Special Issue will be an invaluable resource not only for researchers and clinicians who specialize in oral cancer but also for all healthcare professionals interested in expanding their knowledge of oral pathology.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
