

Special Issue

Endoscopic Diagnosis and Management of Ear Disease

Message from the Guest Editors

The Special Issue titled "Endoscopic Diagnosis and Management of Ear Disease" aims to spotlight the advancements and challenges in the field of otology, specifically focusing on endoscopic techniques. With the rise in minimally invasive procedures, endoscopy has become a pivotal tool in diagnosing and treating ear diseases. This Special Issue will explore cutting-edge research, case studies, and reviews that underline the effectiveness, safety, and benefits of endoscopic methods compared to traditional approaches. The goal is to provide a comprehensive resource that highlights the latest innovations, improves clinical practices, and fosters a deeper understanding of endoscopic applications in otology. This Special Issue is essential for otolaryngologists, audiologists, and medical professionals invested in enhancing patient outcomes and broadening their knowledge of contemporary diagnostic and management strategies for ear diseases.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
