Advances in the Diagnosis, Prognosis, and Management of the Musculoskeletal System

Message from the Guest Editors

Diagnosis, prognosis, and management of the musculoskeletal system are constantly evolving and represent a constant challenge. Diagnostic tools are increasingly sophisticated, allowing for increasingly accurate and earlier diagnoses. At the same time, the management of musculoskeletal disorders is also evolving dramatically, allowing for increasingly favorable prognoses. Hence, the essential and ongoing need to be aware of the most innovative diagnostic and therapeutic options. This update also ranges from artificial intelligence to augmented reality and robotic surgery. This Special Issue is, therefore, aimed at all those interested in these areas, hoping to make a valuable contribution to their evolution.

Guest Editors

Prof. Dr. Massimiliano Leigheb
Dr. Alessandro de Sire
Dr. Cesar de Cesar Netto

Deadline for manuscript submissions

31 December 2026

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.4 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2026).
