Emerging Role of Ultrasound Imaging in the Diagnosis and Management of Skin Diseases

Message from the Guest Editor

In recent years, ultrasound imaging technology has been widely used and has played an increasingly important role in diagnosing and treating skin diseases, providing a large amount of key visual information in order to meet the challenges of complex skin diseases. Skin ultrasound imaging is a new technology category that is clinically widely endorsed. In this context, the large-scale application of ultrasound in skin diseases has gradually gained attention. In this regard, we would like to set up a new Special Issue on applying ultrasound imaging technology in skin diseases and focus on publishing some of the latest, high-quality, and excellent clinical research.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
