Histopathology in Cancer Diagnosis and Prognosis—2nd Edition

Message from the Guest Editor

In the era of precision medicine, histopathology has continued to develop at a rapid pace in the field of cancer biology. An accurate diagnostic approach is crucial, now more than ever. New diagnostic tools are being incorporated into daily practice, with major implications in patient care and prognosis, while prognostic and predictive markers, as well as molecular techniques, are being incorporated into histology reports. This Special Issue represents an opportunity for pathologists and researchers to share research results or review articles dedicated to advanced diagnostic approaches, from biomarkers and genetic/molecular tests to more complex techniques. We are happy to invite pathologists and investigators to submit original research articles, reviews, and case reports to this Special Issue.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
