

Special Issue

Application of Diagnostic Tools for Dentistry and Maxillofacial Surgery

Message from the Guest Editor

This Special Issue aims to delve into the advancements and applications of various diagnostic tools and technologies that are revolutionizing the field of dentistry and maxillofacial surgery. From digital imaging techniques to sophisticated surgical planning tools, we will explore how these advancements are enhancing diagnostic accuracy, improving patient outcomes, and transforming clinical practice. We will cover a broad spectrum of topics, including but not limited to, digital radiography, cone-beam computed tomography (CBCT), CAD/CAM technology, and various diagnostic advances in dentistry and oral surgery. This Special Issue will feature literature reviews and original research articles, providing a comprehensive perspective on this rapidly evolving field. It aims to serve as a valuable resource for professionals in the dental and surgical field, researchers, and students alike, offering insights into the current state and future directions of diagnostic tools in dentistry and maxillofacial surgery.

Guest Editor

Prof. Dr. Yiu Yan Leung

Discipline of Oral and Maxillofacial Surgery, Faculty of Dentistry, The University of Hong Kong, Hong Kong SAR, China

Deadline for manuscript submissions

30 November 2025

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer

Department of Clinical Physiology, Nuclear Medicine & PET National University Hospital, Rigshospitalet, University of Copenhagen, Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.3 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the second half of 2024).
