Diagnostic Imaging in Reproduction and Endometriosis

Message from the Guest Editor

We are pleased to invite you to contribute to our Special Issue “Diagnostic imaging in Reproduction and Endometriosis”. Exploring the intersection of medical imaging and reproductive health, this Special Issue will delve into the crucial role of imaging techniques in diagnosing endometriosis and fertility issues. Unraveling the complexities of these conditions requires a nuanced understanding of how advanced imaging technologies contribute to precise diagnoses, guiding treatment strategies and fostering a deeper comprehension of reproductive health challenges. Join us as we embark on a journey through the lens of medical imaging to illuminate the path towards improved diagnostics and enhanced patient outcomes in the realm of endometriosis and reproductive issues. We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
