

## Special Issue

# Diagnosis and Treatment of Amyotrophic Lateral Sclerosis: Where We Are and What We Can Expect in the Near Future

### Message from the Guest Editors

In this light, it is essential to provide a complex summary of the current knowledge about Motor neuron disease from different expert perspectives in order to understand the modern multidisciplinary approach. To contribute to the information on MND, the following topics will be considered:

- Molecular pathology of Amyotrophic lateral sclerosis: what we currently know and what important information is still missing;
- Genetic background of ALS: hereditary forms and their manifestations;
- Current diagnostic approaches for ALS patients: state-of-the-art;
- Cognitive and behavioral manifestations in ALS: beyond the motor system involvement;
- Innovative approaches to ALS treatment: current status and potential bright future.

### Guest Editors

Prof. Dr. Radoslav Matej

Thomayer Hospital, Third Faculty of Medicine, Charles University, Prague, Czech Republic

Assoc. Prof. Robert Rusina

## About the Journal

### Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Andreas Kjaer  
Department of Clinical Physiology, Nuclear Medicine & PET National  
University Hospital, Rigshospitalet, University of Copenhagen,  
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21.6 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the second half of 2025).
