Artificial Intelligence in Gastrointestinal Disease: Diagnosis and Management

Message from the Guest Editors

For every ten adults in the world, four suffer from gastrointestinal disorders of varying severity. Early diagnosis might be the best way to prevent and treat serious gastrointestinal diseases. Recently, attempts to use artificial intelligence (AI) for the early diagnosis of such gastrointestinal diseases have been explosively increasing, and it is reported that the potential is very promising. Therefore, we intend to publish a Special Issue on the diagnosis, treatment, and management of various gastrointestinal diseases such as GI tract cancer, inflammatory bowel disease, and endoscopy using AI technology, including various deep learning techniques.

About the Journal

Message from the Editor-in-Chief

You are cordially invited to submit research articles, short communications, comprehensive reviews, case reports or interesting images for consideration and publication in *Diagnostics* (ISSN 2075-4418). *Diagnostics* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Andreas Kjaer
Department of Clinical Physiology, Nuclear Medicine & PET National
University Hospital, Rigshospitalet, University of Copenhagen,
Blegdamsvej 9, DK-2100 Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, Inspec, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (Internal Medicine)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 21 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
