# Advances in Semantic Multimedia and Personalized Digital Content

## Message from the Guest Editors

This Special Issue will showcase cutting-edge research in semantic and social multimedia adaptation, personalization, and Al-driven content technologies. It will include selected papers from the 20th International Workshop on Semantic and Social Media Adaptation and Personalization (SMAP 2025), which will be held in Mystras, Greece, on November 27–28, 2025. However, this Special Issue is also open to original submissions that are not part of the conference.

- Semantic-driven multimedia content creation and annotation
- Personalized user profiling and adaptive content delivery
- Integration of Al into media adaptation
- Context-aware multimedia applications
- Privacy and security in personalized media services
